This summary of benefits is a brief outline of coverage, designed to help you with the selection process. Unless stated otherwise, the limitations for In- and Out-of-Network services are combined and services received in an office, Ambulatory Surgical Center, or outpatient facility are combined across all outpatient settings. This summary does not reflect each and every benefit, exclusion and limitation which may apply to the coverage. For more details, important limitations and exclusions, please review the Certificate of Insurance or Evidence of Coverage (EOC). If there is a difference between this summary and the Certificate of Insurance or Evidence of Coverage (EOC), the Evidence of Coverage (EOC), will prevail.

The family deductible and out-of-pocket limit are embedded, meaning the cost shares of one family member will be applied to the per member deductible and per member out-of-pocket limit; in addition, amounts for all covered family members apply to both the family deductible and family out-of-pocket limit. No one member will pay more than the per member deductible or per member out-of-pocket limit.

In-Network and Out-of-Network deductibles and out-of-pocket limit amounts are separate and do not accumulate toward each other.

Your copays, coinsurance and deductible count toward your out-of-pocket limit. However, member cost sharing for the following service(s) do not apply toward the out-of-pocket limit: adult vision.

Doctor Visits (virtual and office) *You are encouraged to select a Primary Care Physician (PCP). When you select a Value-Based Provider as your PCP, you will not have to pay a Copayment, Deductible, or Coinsurance for PCP visits, x-rays, lab services and Urgent Care when provided by the Value-Based Provider.
